witsanu.satj@bumail.net

KaveTownSpace, Khlong Nueng, Khlong Luang, Pathum Thani, Thailand

Skills

- Basic programming in C and Python
- Arduino development and system control
- PCB design and testing
- Circuit design
- 7-Segment display systems
- Teamwork skills
- Strong interpersonal skills
- Data & Dashboard
- Automation systems

Language

- Thai - (Native)
- English - (Basic)

Education

2020 -2023

KAMPHAENG PHET TECHNICAL COLLEGE

factory mechanic

2023 - Present

BANGKOK UNIVERSITY

Computer and Robotics Engineering

Experience

- PCB testing and design
- Circuit design using Circuit Wizard
- Parking system simulation using Arduino board
- 7-Segment display systems
- Internship at a sugar factory (Lathe Department)

Work commitment

I am committed to continuously developing my programming skills, with a foundation in C and Python, including system development and control using Arduino. I am eager to learn new technologies and improve my technical abilities to contribute effectively to the organization.
